1. Product Description

Product Category/Name

Participation Product/Tracker Certificate (1300, according to the "Swiss Derivative Map" provided by the Swiss Structured Products Association)

CISA Notification

This is a Structured Product. It does not constitute a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes (CISA) and it is not subject to authorisation or supervision by FINMA. The issuer risk is borne by investors.

Investment Profile

The composition of the Underlying of this Structured Product is managed **dynamically** and **discretionary** over the course of its term.

The Swiss Domestic Basket focuses on companies which have a strong domestic focus and are less dependent on both exports and the economic cycle. Investment in twenty stocks also ensures optimal diversification. Furthermore, attention is paid to above-average dividend expectations, which makes the certificate a more defensive product. In order to avoid unnecessary cluster risks, the Swiss domestic basket pursues an equilibrium approach and is regularly rebalanced.

Further information about the investment strategy – if available – can be obtained free of charge from Zürcher Kantonalbank, Bahnhofstrasse 9, 8001 Zürich, department VRIE or by way of e-Mail address documentation@zkb.ch.
